

United States Medicine Warehouse,

DEAR SIR :

NEW YORK, January 1st, 1867.

For the continued business relations of the past year, we return you our thanks, and herewith hand you our revised Catalogue for 1867. The first eight months of 1866 generally showed a large business, an easy money market, and prompt collections. The last four months of the year show the exact reverse. The results of all future business transactions will be largely dependent upon the financial action of the Government, and we improve this opportunity of presenting a few important facts, withholding comment, and leaving each one to reflect upon the suggestions and make their own application.

The largest circulating medium ever sustained by the country, prior to the war, was \$215,000,000. In August, 1866, it was, in round numbers, Legal Tenders, \$350,000,000; National and State Currency, \$300,000,000; Compound Notes, \$150,000,000, say a total of \$800,000,000. Since then it has been reduced about \$20,000,000, the effects of which may be seen in comparing values of merchandise or property. The country now probably possesses between \$250,000,000 and \$300,000,000 in gold and silver. If we ever arrive at a specie basis, it must be reached by retiring a portion of this excess of paper currency.

\$300,000,000 of the currency of the country is in National Bank Bills, based upon United States Bonds, and principally at 90 per cent. It was thought that Government Securities would never reach this minimum figure. To illustrate the correctness of this theory, we would call attention to the fact, that English Consols bear but 3 per cent. interest—hence are likely to be owned by retired capitalists, instead of by business men, as is the case with our securities, yet they have varied from 16 to 50 per cent. every ten years since their issue, and have stood as follows :

Date.	Highest Price.	Lowest Price.	Variation each ten years
1751 to 1760	106	76	30 per cent.
1760 to 1770	96	63	33 per cent.
1770 to 1780	95	59	36 per cent.
1780 to 1790	81 $\frac{1}{4}$	53	28 $\frac{1}{4}$ per cent.
1790 to 1800	97 $\frac{1}{4}$	47 $\frac{1}{4}$	50 per cent.
1800 to 1810	79	50	29 per cent.
1810 to 1820	79	53 $\frac{1}{2}$	25 $\frac{1}{2}$ per cent.
1820 to 1830	94 $\frac{1}{4}$	72	22 $\frac{1}{4}$ per cent.
1830 to 1840	94 $\frac{1}{4}$	74 $\frac{1}{4}$	20 per cent.
1840 to 1850	101 $\frac{1}{4}$	78 $\frac{1}{4}$	22 $\frac{1}{2}$ per cent.
1850 to 1860	101 $\frac{1}{4}$	85 $\frac{1}{2}$	16 $\frac{3}{8}$ per cent.

We trust our National Bank Bills are entirely secure—if not, that Congress will amend the law, with this result. It is, however, judicious to calculate the possible effects of these disturbing causes, and be prepared for any change which may occur. With such grounds of uncertainty as to the future, we believe we are doing our correspondents a service when we caution them against either buying or selling goods on time. Debts always remain at their full face; assets shrink. Keep stocks clean and buy often. Push business only for cash. Those who tide over the depression likely to be caused by an effort to return to a specie basis, will be well remunerated for what they may pay for present insurance.

Very respectfully,

DEMAS BARNES & Co.,

TO THE TRADE.

If the trade will but realize the very small profits which Proprietary Medicines sold at wholesale will bear, they will excuse us for making *prompt* terms. Our Goods cost us Net Cash, quite as arbitrarily as flour or iron. We must do the business with the same exactness, and be allowed to handle the same money frequently. We shall be very thankful for your orders, which shall receive prompt attention, and the lowest prices ruling, the day the order is received. But we beg to present you our *necessary terms in their execution*:

1st. Our list comprises over a thousand articles. We beg to say it is impossible for us to send out "priced lists," or answer the numerous inquiries for them. We are happy to send you copied quotations for such articles as you may want at any time, which are necessarily limited to due course of mail and always subject to proprietors' changes, pending receipt of order. *The prices attached to this Catalogue are merely approximating to jobbers' fair rates as a general guide. They are not our limits.*

2d. We cannot execute any order, "payable on arrival of goods." We sell our goods deliverable in our store, and can only ship as you may direct, and at *your risk and expense*. We always enclose shipping receipt or bill of lading, showing packages to correspond with invoice. In case of non-arrival, your most expeditious method is to address *Transportation Company direct*. Such a circumstance would be your misfortune, which we should much regret, but which must not in any manner affect payment of the bill. *We insure for you only when so requested.*

SHALL WE INSURE?

3d. Our goods are mostly sold in glass. Transportation men make little difference between handling glass or corn. Notwithstanding every possible care on our part, we do not expect or promise our goods will always reach you without breakage. The packing of every article is examined by two competent men whose initials are attached to the Invoice. Bitters, liquors, etc., are sometimes abstracted, *en route*. These are a class of unavoidable accident, but for which we can in no way be held responsible; your recourse is upon the Transportation Co., or an Insurance account.

4th. Let each order, if three a week, state shipping directions in full. If not directed, we are authorized to exercise our own judgment, when our legal responsibility for delay, loss, extra freight, etc., ceases.

5th. Orders received for goods not in our stock, etc., will be filled to the best of our ability as *your agents*, and being paid for by us, cannot be exchanged or prices abated.

6th. We charge for Cartage, and for packed Cases. When *original* packages can be used, we make no charge.

7th. We much prefer remittances, and save considerable expense thereby. If you do not remit our Drafts are always made at sight, our Invoices being the only notification of same. *We cannot control Bank through which they will be presented.*

REQUEST.

When inaccuracies occur in our Drafts, be kind enough to accept the same and draw on us for difference, preceded by letter of explanation. If unaccepted, remit as *per your books*, and explain by first mail. The return of Drafts unexplained subjects the transaction to expense, (stamps, banker's fees, etc.,) and your house to damaging suspicion. *Interest from date of bill, with all expenses, will be added in all such cases.*

TERMS.

We are compelled to make all Bills NET CASH, FUNDS PAR AT PLACE OF SALE (New York or New Orleans), on presentation of Invoice, or the *unqualified acceptance of our Drafts, with exchange, at our convenience.*

We are Proprietors of, Agents for, or keep constantly on hand, all Proprietary Medicines, either foreign or domestic; comprising the most complete stock in either hemisphere. We are able to fill any order, from a hundred gross to a single bottle, at shortest notice. We also have a Department devoted to *Druggists' Sundries*, Soaps, Perfumery and Fancy Goods. Articles enumerated in this Catalogue are alphabetically arranged, and those articles not requiring Stamps are appropriately designated.
